Defendant Sentenced to 50 Years in Prison for Murder

September 23, 2021

Cameron Krumrey, 30, of Bryan was sentenced to 50 years in prison after pleading guilty to Murder on September 22, 2021 before Judge John Brick in the 272nd District Court.

On March 30, 2019, the defendant approached and then confronted the victim in his vehicle in Bryan armed with a handgun. The defendant then shot the victim in the heart as he sat in his car. A nearby witness gave a description to police of the defendant, who was wearing a mask at the time. The police then were able to locate surveillance camera footage that showed the murder on video.

The Bryan PD detectives eventually uncovered another video which led to the identification of a possible vehicle. The vehicle had appeared to be surveilling the area shortly before the murder. Through tireless police work, and the combing through hours of video and Department of Motor Vehicle records, the detectives finally developed Cameron Krumrey as a suspect.

Days later a search warrant was issued and executed on a house associated with the Defendant. At that search police recovered a firearm and clothing matching those worn by the murderer during the shooting.

Forensic analysis of the firearm proved that the shell casing found at the scene and the bullet recovered during the autopsy were fired from the recovered gun. DNA testing also linked the Defendant to evidence recovered at the scene.

The case was investigated by the Bryan Police Department and the Brazos County District Attorney's Office. The case was prosecuted by Assistant District Attorney Nathan Wood and First Assistant District Attorney Brian Baker.
